

Special Assistance Program

There are times when everyone needs a little assistance and if you find this is such a time please allow us reach out to your son and help with the costs. We have a program in place that will waive the cost of joining, pack dues and supply all the necessary items such as uniform, book and any required supplies depending on your need. This assistance is confidential and will be handled in the most discreet way.

Here's what you do.

- Just contact any one of these people and say you are interested in the Special Assistance Program:
 - your son's Den Leader
 - the Assistant Cubmaster
 - the Cubmaster

They will talk with you about what you need and go to the committee to request assistance on your behalf. This is a closed committee meeting with only the Charter Representative, Committee Chair, Cubmaster, Assistance Cubmaster and the Den Leader.

The period of assistance is for one school year.

We want no boy left out of scouting for a financial reason! We can and will help.
